

An internship Report
Of
Node.js Developer Intern

Submitted
To
School of Computer Science and Engineering
IILM University, Greater Noida, U.P.

In partial fulfilment of the requirement of degree of
B.Tech CSE

By
Roll Number of Student:2410031543
Name of Student: (KUNAL KUMAR)
Batch: 2026-27

(1). CANDIDATE'S DECLARATION

I, KUNAL KUMAR do hereby declare that the internship report titled “ **Node.js Developer Intern**” has been completed by me to fulfil the requirement for the award of the degree of Bachelor of Technology in CSE. All the references have been quoted and I have not taken as such any material from any other source. I affirm to you that this report is my own and has not been submitted to any other institute for any degree/diploma requirement and further I shall be solely responsible for any kind of copyright violation in this regard.

Student Name: KUNAL KUMAR

Roll No: 2410031543

(2). ACKNOWLEDGEMENT

I am using this opportunity to express my gratitude to everyone who supported me throughout the Internship Program. I am thankful for their aspiring guidance, invaluable constructive criticism and friendly advice during this work. I am sincerely grateful to them for sharing their truthful and illuminating views on a number of issues related to this work.

An internship with Drasken Labs Private Limited as a Node.js Developer Intern.

I am also thankful to my Institute , IILM UNIVERSITY , GREATER NOIDA ,and the Faculty of the school of computer science and engineering for their continuous support and encouragement.

I express my gratitude to my parents for their blessings.

Student Name: Kunal kumar

Roll No: 2410031543

TABLE OF CONTENTS

1. Candidate's Declaration
2. Acknowledgement
3. Internship completion certificate
4. Project Description
 - 4.1 Introduction
 - 4.2 Project overview
 - 4.3 Technologies used
 - 4.4 Key Responsibilities
 - 4.5 Learning outcomes
 - 4.6 Conclusion
 - 4.7 Bibliography
5. Bibliograph / Reference

(3). INTERNSHIP COMPLETION CERTIFICATE

DRASKEN LABS PRIVATE LIMITED

IT Services & Consulting | draskenlabs.com

INTERNSHIP COMPLETION CERTIFICATE

Certificate No: DL/CERT/2026/001 | Date of Issue: June 15, 2026

TO WHOMSOEVER IT MAY CONCERN

This is to certify that [Kunal Kumar](#) has successfully completed an internship with Drasken Labs Private Limited in the role of [Node.js Developer Intern](#), under the HRMS Development Team. The internship was conducted in the domain of Node.js Development / Web Development on a fully remote (Work From Home) basis.

Intern Name	Kunal Kumar
Role	Node.js Developer Intern
Team	HRMS Development Team
Domain	Node.js Development / Web Development
Work Mode	Remote – Work From Home (WFH)
Duration	January 15, 2026 – June 15, 2026
Period	5 Months
Organisation	Drasken Labs Private Limited
Website	draskenlabs.com

During the internship period, **Kunal Kumar** demonstrated strong technical ability, professionalism, and consistent dedication. They actively contributed to Node.js development tasks within the **HRMS** team, collaborating effectively with team members and delivering quality work throughout the programme.

We wish **Kunal Kumar** the very best in their future career and confidently recommend them for opportunities in backend development, Node.js engineering, and related technology roles.

Issued By:

Himanshu Aggarwal

(4).INTERSHIP OFFER LETTER

draskenlabs.com

Drasken Labs Private Limited
C-416/7, Omnagar, Badarpur, New delhi

Date:- 10th February, 2026

Recipient Details:- Kunal Kumar

Subject:- Offer Letter for Internship

Body:-

Dear Kunal Kumar

We are pleased to offer you an internship with **Drasken Labs Private Limited** as a **Node.js Developer Intern**. We were impressed with your technical potential and believe you will be a valuable addition to our development team.

Internship Details

- **Role:** Node.js Developer Intern
- **Start Date:** February 16, 2026
- **End Date:** August 16, 2026 (6-month duration)
- **Location:** Remote / Work From Home (WFH)
- **Compensation:** This is an unpaid internship focused on learning and professional development.

Scope of Work

As a Node.js intern, you will contribute to our backend services and cloud infrastructure. Your responsibilities will include:

- Developing and maintaining server-side logic using **Node.js** (and potentially NestJS).
- Integrating backend components with database systems like **PostgreSQL** or **Valkey**.
- Collaborating on API design and implementation.
- Assisting in the deployment and monitoring of services within our **K3s/Docker** environment.

Terms and Conditions

1. **Equipment:** As this is a remote position, you are expected to provide your own computer and a stable internet connection.
2. **Confidentiality:** During your internship, you may have access to trade secrets and confidential information (including proprietary code and infrastructure details). You agree to keep all such information strictly confidential.
3. **Intellectual Property:** All code, documentation, and work products created during this internship will remain the sole property of **Drasken Labs Private Limited**.
4. **Professional Conduct:** You are expected to adhere to our team's communication standards and participate in scheduled virtual meetings.

Acceptance

To confirm your acceptance of this offer, please sign and return a scanned copy of this letter by **February 6, 2026**.

We look forward to having you on board and helping you grow your skills in full-stack cloud development!

Sincerely,
Suraj Kumar Aggarwal
CEO & Founder
Drasken Labs Private Limited

(4). PROJECT DESCRIPTION

4.1 INTRODUCTION

(*) PROJECT TITLE :-

HRMS (Human Resource Management System) – Backend

Development using Node.js

This report presents a detailed account of the virtual internship undertaken under the - Drasken Labs Private Limited, in the domain of **(Node.js Developer Intern)**.

The internship was carried out from January 15, 2026 – June 15, 2026 as part of the requirement of the Bachelor of Technology (Computer science and Engineering) programme at IILM UNIVERSITY, Greater Noida. The primary aim of this internship was to bridge the gap between theoretical understanding Node.js and their real-world, production-grade deployment. Over the course of the programme, the learner was exposed to industry-relevant tools and practices used to take Node.js models from a research or prototype stage to a fully deployed, monitored, and scalable production system.

4.2 PROJECT OVERVIEW

During my internship at Drasken Labs Private Limited, I worked as a Node.js Developer Intern under the HRMS Development Team. The internship Focused on backend development and Web technologies, with practical exposure to developing and maintaining server- side applications using Node.js.

The project involved contributing to the backend development of an HRMS platform, designed to support and manage various organization and employee-related processes. My primary responsibilities included working on Node.js-based development tasks, understanding backend application workflows, implementing required functionalities, and collaborating with team members to deliver quality solution.

4.3 TECHNOLOGIES USED

- **Node.js**
- **JavaScript**
- **REST APIs**
- **Backend/Web Development**
- **Database Integration**

- **Git/GitHub**

4.4 KEY RESPONSIBILITIES

- **Developed and worked on backend functionalities using Node.js.**
- **Assisted in implementing and maintaining HRMS-related features.**
- **Worked with APIs and server-side application logic.**
- **Participated in debugging and resolving development issues.**
- **Collaborated with the HRMS development team.**
- **Followed professional software development practices and project workflows.**

4.5 LEARNING OUTCOMES

The internship provided significant technical and professional learning.

(1) Technical skills

- **Node.js**
- **Javascript**
- **Backend development**
- **Web development**
- **API concepts**
- **Server-side programming**
- **Debugging**
- **Application development workflow**

(2) Problem – solving skill

Working on development tasks helped me improve my ability to identify problems, analyze their cause, and find appropriate solutions.

(3) Teamwork

The internship gave me experience working with a development team. The certificate also confirms that I collaborated effectively with team members during the internship.

(4) Professional skills

The internship helped improve:

- **Communication**
- **Time management**
- **Responsibility**
- **Team collaboration**
- **Professional conduct**
- **Technical documentation**

(5) Industry exposure

The internship helped me understand how technical knowledge is applied in a professional software – development environment.

4.6 CONCLUSION

The five-month internship at Drasken Labs Private Limited was a valuable learning experience. I completed the internship as a Node.js Developer Intern under the HRMS Development Team, in the domain of Node.js Development/Web Development.

The internship provided me with practical exposure to backend and web development and helped me understand the application of programming concepts in a professional environment.

Working with the HRMS Development Team also helped me develop teamwork, communication, debugging, and problem-solving skills. The experience has strengthened my understanding of Node.js and backend development and will be useful for my future academic and professional career.

Overall, the internship successfully helped bridge the gap between theoretical knowledge and practical industry experience.

4.7 BIBLIOGRAPHY

- 1.Node.js Documentation – Official documentation and reference material.**
- 2.JavaScript Documentation – Reference material for JavaScript programming.**
- 3.REST API concepts and HTTP documentation.**
- 4.Git Documentation – Version control concepts.**
- 5.Web Development reference materials and tutorials.**
- 6.Internship learning material and project documentation provided during the internship.**
